

To strengthen our team in the Research and Development department at our headquarters on the outskirts of Hanover, we are looking for a dedicated

Web Developer Front-End (m/f/d)

[AUCOTEC](#) is a global software development company. Our products support the planning of plant, machines and mobile systems highly efficiently. Our most important markets are process and production plant engineering, energy transmission and distribution as well as the mobility sector, from serial production cars to satellites.

Your responsibilities:

- You will play a technically leading role in developing the international web front end for our main product and, if necessary, other solutions based on the functional and technical requirements.
- You will estimate, plan, realize and test the implementation in Angular in coordination with product management, team management and our test team.
- As part of 3rd level support, you will analyze complex error situations and make a significant contribution to their lasting solution.
- You will create appropriate technical documentation (the user documentation is created separately).

Your qualifications:

- Completed scientific studies in (media) information technology or equivalent qualification
- At least 2 years of relevant project experience in the realization of internationally available web UIs for the leading browsers (Edge, Chrome, Safari)
- At least 3 years of practical experience with one of the industry-standard frameworks (preferably Angular, React, Vue) as well as with TypeScript/JavaScript, HTML/CSS and also REST APIs
- At least 3 years of project experience with relevant processes such as SCRUM and tools designed for this purpose, such as Azure DevOps with Git (an advantage) or Confluence/Jira
- Knowledge and practical experience in designing secure and accessible web UIs according to industry standards
- Languages: Business fluent in German, business fluent in English

We offer you:

- A secure job in a promising market
- Flexible working hours by arrangement and business requirements
- In-house training and qualifications
- 30 days' holiday per year
- Various employee benefits (Hansefit, job bike, GVH job card, communal barbecue, etc.)
- Tea, coffee, cold drinks and fruit at your free disposal
- A consistently modern working environment. Get an idea of this for yourself by watching <https://www.youtube.com/watch?v=9PpqpLpLLMI>.

Apply via email at jobs@aucotec.com.

If you have any questions, Ms Beatrix Tillmann, Assistant Executive Board, will be happy to answer them by phone on +49 (0)511 6103-0.

AUCOTEC AG, Hannoversche Str. 105, 30916 Isernhagen
